

FOR IMMEDIATE RELEASE

**Sheridan Road Charitable Foundation Announces
Songwriters in the Round on May 25th at Joe's Bar**

Chicago, Illinois, March 9, 2017 - Sheridan Road Charitable Foundation (the "Foundation") announces the next installment of its *Songwriters In The Round* at Joe's Bar in Chicago, Illinois. Attendees will enjoy a performance by longtime supporters of the Foundation and Grammy award-winning country music songwriters Kelley Lovelace, Chris DeStefano, and Ashley Gorley. All are welcome to join a festive night of barbecue, music, and dancing that includes the opportunity to bid on a variety of exciting silent and live auction items. Proceeds will benefit local charitable organizations that align with the Foundation's directives of improving the quality of education, empowering underprivileged communities, and supporting cancer research.

This sixth Songwriters in the Round event will be partnering with Chicago-based beneficiaries Bernie's Book Bank, By The Hand Club, and Communities in Schools.

Supporters of Sheridan Road Charitable Foundation have the opportunity to attend the evening by purchasing either General Admission or VIP tickets. Those interested in premium seating can purchase a table for the event at an additional price. VIP attendees enjoy an early meet and greet with the songwriters, as well as complimentary photos. The VIP meet and greet begins at 5:30, with doors opening for General Admission at 6:15 PM. The after party will be hosted by The Godfrey Hotel immediately following the show. SEATING IS LIMITED.

Further information on ticket sales and availability to come.

About the Sheridan Road Charitable Foundation

The Sheridan Road Charitable Foundation (the "Foundation") was established in 2013 and is led by an engaged and dedicated board, advisory board, and Women's Board. The Foundation's mission is to provide philanthropic and financial support to a number of established social service and research organizations that focus on improving our educational system, empowering under resourced communities and assisting cutting edge cancer research institutions.
